FERNANDO WONG

Fernando Wong personifies the 'American Dream.' At just 24 years old, the nascent landscape designer came to the United States from Panama where he studied architecture and interior design. Only speaking Spanish forced Wong to start at the very bottom, digging ditches on a landscape crew. Within a year he had taught himself English by watching television and was working in the office using his extraordinary artistic talent to do detailed renderings and sketches. Soon after that he started designing projects and taking on his own clients on the weekends. This eventually led to him founding his own landscape architecture firm, Fernando Wong Outdoor Living Design in Miami Beach in 2005. Since that time Wong has opened another office in Palm Beach, done residential and commercial projects in the Hamptons and all over the United States as well as England and Panama, won prestigious design awards and been featured in countless magazines, newspapers and television shows. He is one of the most sought after landscape designers in America.

TARA BERNERD

British Designer Tara Bernerd is founder of the established interior architectural practice, Tara Bernerd & Partners. Key clients include Thompson Hotels, Sixty Hotels, Blackstone, the LeFraks, Berkeley Group, Lend Lease, Couture Homes, Grosvenor Asia and Asia Standard, plus select private clients. Tara Bernerd & Partners' designs reflect intelligent space planning and layouts, with a strong use of texture and colour which typify their projects. With a more edgy approach Bernerd's work is renowned for creating warmth and atmosphere. Increasingly focusing on hotels, restaurants and commercial residential developments the practice is committed to making a difference through design.

Regularly listed in House and Garden's Top 100 Interior Designers and London Evening Standard's Power 1000, Martin is known for bringing a lived-in luxurious feel to high-glamour-projects, as well as creating commercially successful design concepts for restaurant and retail groups, alongside helping a select number of private clients create their dream homes.
